INTENDED APPLICATIONS

- AQUACULTURE
- COMPOUND FEED
- PET NUTRITION

SUPPLY FORMAT

IBC, flexitank or bulk tanker; ISO movements are confirmed by source and route.

PROFILE CONTROL

The public catalogue stays intentionally simple. GT selects the suitable source internally; the confirmed quotation, technical specification and lot COA govern.

IMPORTANT

This producer-neutral profile supports product discovery and is not a contractual guarantee. The confirmed quotation, selected technical specification and lot Certificate of Analysis govern each supply.
